Technical Skills

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Framer Motion

Backend: Node.js, Express.js, RESTful APIs, AJAX, JSON APIs

Database & Cloud: MongoDB, Firebase, Cloudinary

Developer Tools: Git, GitHub, Vercel, VS Code

Language

- Arabic: Native
- English: C1 Advanced
- French: Basic

Featured Projects

Amazon E-Commerce Platform (Full-Stack)

- **Role: Lead Full-Stack Developer**
- **Tech Stack: Next.js, React, Node.js, Express, MongoDB, Tailwind CSS, Cloudinary**
- **Key Achievements:**
  - **Engineered a production-ready, scalable e-commerce platform inspired by Amazon with custom RESTful APIs.**
  - **Implemented secure authentication with JWT, role-based authorization (RBAC), and Two-Factor Authentication (2FA) protocols.**
  - **Designed a robust MongoDB database schema with indexed queries for fast multi-faceted search and product filtering.**
  - **Utilized Next.js Server-Side Rendering (SSR) for optimized SEO, performance, and dynamic category routing.**

Khyooot E-Commerce Platform

- **Role: Full-Stack Developer & Technical Consultant**
- **Tech Stack: React, Node.js, Express, MongoDB, Tailwind CSS**
- **Key Achievements:**
- **Developed a modern commercial apparel and clothing web store for an active brand (khyooot.com).**
- **Built a responsive UI, smooth product gallery navigation, and an intuitive shopping cart experience.**
- **Integrated efficient backend server logic and dynamic database management for live product inventories.**

Education

2023 – 2026
Al-Shahid Mohamed Mustafa El-Gawary High School

High School Diploma

High School Student (Math/Science Track). Specialized in Advanced Mathematics, Physics, and Chemistry. Expected Graduation: June 2026.

Aug 2024
Certificates & Honors

Ministry of Communications & IT (MCIT)

Completed an official national scholarship in software engineering, UI design, and web development architecture.

Freelance & Practical Work

2024 – Present
Freelance Work

Freelance Full-Stack Developer

Delivered custom web applications, optimized frontend UI/UX, and developed secure RESTful backends for clients and local businesses.
